Re: Hexcel Corporation - Industrial Chemicals Group  
205 Main Street  
Lodi Borough, Bergen County  
ECRA Case #86009

Dear Mr. Surowiec:

Enclosed are the two items you requested during the August 15, 1986 and September 2, 1986 site inspections. The first is the aerial photographs of the site which another consulting firm had obtained. These are from April 6, 1940, April 7, 1951, April 12, 1961 and March 25, 1974. The copies we have enclosed are enlargements. The second is a site map which indicates which analyses were performed at each of the locations sampled previously. Four copies of the site map are enclosed.

If you have any questions, please do not hesitate to contact me.

Sincerely,

*Rebecca Hiers*
